

Ecole Doctorale 398 Géosciences, Ressources Naturelles et Environnement

Candidature à un contrat doctoral au sein de l'ED Géosciences, Ressources Naturelles et Environnement

Due to the limited efficiency of mail services, candidacies will be sent exclusively on-line this year. Files should be sent zipped together in a single directory to ed398.grne@upmc.fr before 14/06/2021 with Cc to the research project instigator. Both the candidate and the instigator will then receive an acknowledgement of receipt.

Documents required

Applicants file will include:

- o A resume
- o A program of their Master degree training (Content and schedule, acquired skills, ECTS ...) o A transcript of their Master degree marks for the first and possibly second year, with the ranking of the candidate precised. The transcript must be signed by the Head of Master program.
- o A pdf file of the Master degree dissertation if defended, or, if not, an extended abstract (max. 5 pages) of the research project.
- o A confidential letter of appreciation from the Master degree research project mentor, directly sent to ed398.grne@upmc.fr
- o A letter presenting the motivation of the candidate toward the proposed PhD project, o A support letter from the PhD project instigator after the preliminary interviews o The candidate profile form to download :

Candidates selection process

The interviews will include a hearing of the candidates selected by the thesis promoter. The candidates present their Master research work in front of the ED GRNE Council. This interview can be held in French or English. Interviews will be held early juillet. The used software and test procedure will be precised in the convocation stage.

The jury will make its choice and will establish a ranking (main and complementary lists) according to the quality of the candidates' file and their oral performance.
